Our Solution: A cloud based, easy to use, feature rich online talent sourcing application. The solution combines in-Facebook and on the web interactions into one seamless experience. The aesthetically designed form has been developed to make form filling easy and intuitive. Extensive built-in CRM capabilities and easy administration help in proactively and consistently engaging with potential candidates. Additional services include digital marketing, social forensics and analytics.

OUR APP ADVANTAGE:

Simple, Fast, Reliable

- Simple: 83% of perception is visual. We pay exceptional attention to visual design.
 - Fast-to-fill: Fastest is what we are. The layout, auto-fills, drop-downs, field level help and validation, auto-save – all add up to making form filling fast.
 - Speed: We come first in every possible test: PageSpeed, ySlow, Zoompf, WebPagetest, Dom Monster.
 - Security: Our online form is secure in every aspect, architecture downwards.
 - Privacy: We are TrustE certified for privacy.
 - Scalable: Tested for up to a million users.
- Reliable: 99.95% uptime.
 - Disaster-Ready: Up-to-the-minute replication across continents.
 - In-built CRM: Communicate with the candidate along every step of the way.
 - HR system Integration: Can be integrated with your HR system.
 - Perfect branding: Not just your logo, we implement your complete style guide.
 - Multi-lingual: Japanese, Chinese? No problems. Same for all languages, including Indian. For Arabic, here is a special: We can flip the navigation itself.

OUR ENGAGEMENT MODEL

As your social media talent sourcing partner, GreenClouds will participate in the full 'Apply Chain Management process'. Value added services such as In-App analytics information and social insights can be provided to define strategy and enhance effectiveness of social media ad spend. Other services available include Talent Network creation, CV Management and Facebook campaign management. We also design and manage Careers Page on the company websites.

Through the partnership GREENCLOUDS will present and add, continued innovations of the product.

EDUCATION  TRAINING  EMPLOYMENT
